WATERPROOF SEA CLOTHING

Model: 1066/006

The suit contains a smock and bibpant. The smock is made with hood and is fastened with 2 snaps at front part. The sleeves are with wind-cuffs. The bibpant has adjustable elasticated braces. The fabric used for production is called Plavitex Heavy Duty as it is a strong waterproof fabric recommended for fishing industry and for hard work conditions at sea. Thanks to double welded high frequency seams the product protects against rain and wind and salt water. The suit conforms to EN ISO 13688 and EN 343 standards.
