## WATERPROOF STORM BIBPANTS

**Model:** 3006

Waterproof bibpants model 3006 are made of very resistant fabric called OPALO. The fabric has high parameters of resistance against salt water. The bibpants are recommended for people who work on high seas, but also for those, who have manual fishing labor and works at land in extreme weather conditions (rain along with strong wind). Thanks to double stitched seams with high frequency current, the seams are very strong and waterproof and the product gives you a high quality of production and double welded seams offers you a good resistance of product. The bibpants have adjustable elastic braces with length regulation and you have possibilities to change braces and the product ensure you comfortable work. All design solutions used in the product make that the manufacturer offers you an highly specialized consumer product.

**Colour:** Green, Yellow, Lemon, Fluo blue
