CHEMICAL PROTECTION BIBPANTS

Model: 421

Bibpants with elastic braces PROS, are made on chemical protection fabric called Plavitex Chemo. Bibpants are recommended to be used in differnt factories where you can get in contact with acids and alkalis. Thanks to double high frequency welding, the seams are strong and resistant against tear. The product conforms with the EN ISO 13688 and EN 13034:2005+A1:2010.
