WATERPROOF ANTISTATIC FLAME RETARDANT OVERALL

Model: 504/A

Coverall with hood and ventilation on the back, fastened at the back with a splash-proof zip. It has a warning tape increasing the visibility of the employee and permanently well-worn wellington boots with anti-electrostatic soles and metal toes. The model is made of Plavitex Multi waterproof, anti-static and flame-retardant fabric, which meets European standards: EN ISO 13688, EN 343, EN 1149-5 and EN 14116. Designed for use in unfavorable weather conditions. Provides effective protection against wind and rain. The technique of double-sided welding increases the strength of seams.

Colour: Fluo orange/Navy blue, Fluo yellow/Navy blue

Fabric:

Plavitex Multi

Weight of fabric:
540 gram/m²

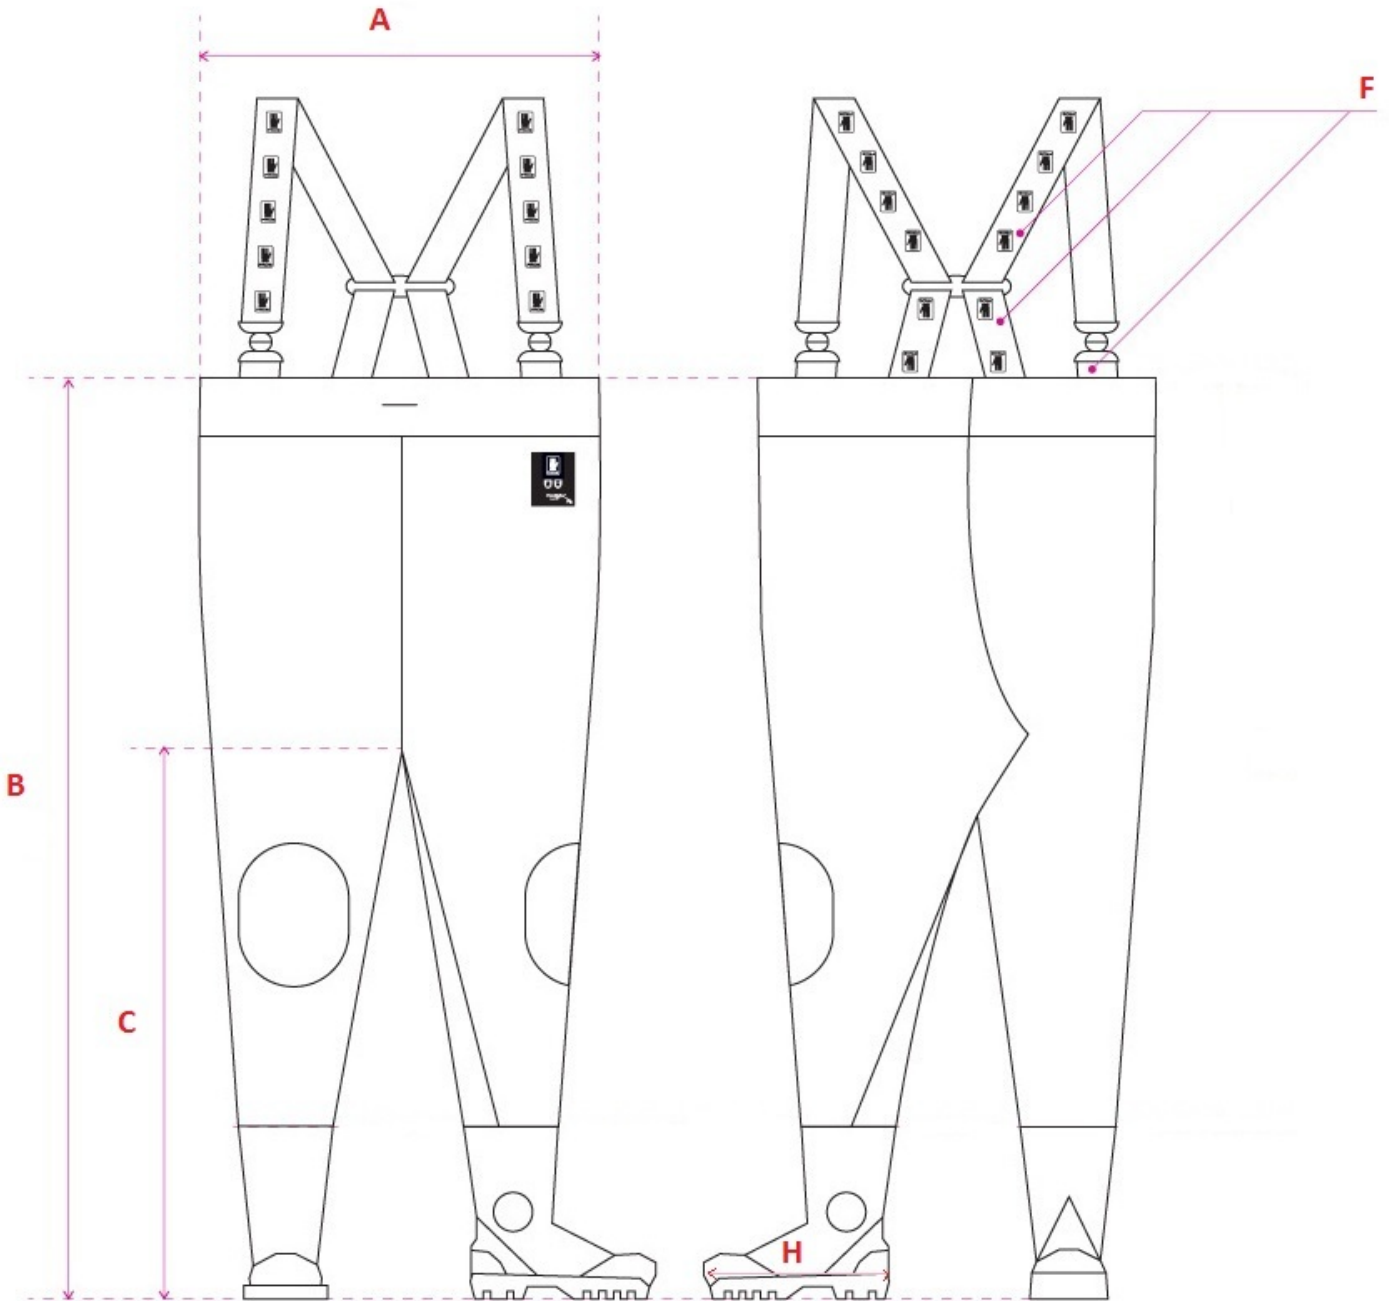

Thickness:
