## WATERPROOF FISHING CLOTHING

**Model:** 102/013

The suit contains a smock and bibpants. The smock with wind-cuffs and hood fastened with snaps and sleeves with windstoppers. The bibpants have adjustable elasticated braces and legs with windstoppers. The fabric used for production is called Plavitex, PVC/polyester quality and it's recommended for light work at fishing industry. Thanks to double welded high frequency seams the product protects against rain and wind and salt water. The suit conform to EN ISO 13688 and EN 343 standards.
